

Dear Worldbuddy #14

Write a letter to your Worldbuddy using these ideas to get started or write your own letter.

Tell your Worldbuddy about the team ball games that we play here in New Zealand and ask them about their favourite game.

Include a photo or draw a picture of you playing a ball game.

Tell your Worldbuddy why team games are important for children.

When you mail your letter remember to:

1. Find the page in your sign-up pack with your Worldbuddy's picture on it. This is where you find your sponsored child's name, their reference number and the address to post your letter.
2. Write your sponsored child's full name and reference number:
 - at the top of your letter, and
 - on the back of the envelope.
3. On the front of the envelope, write the address of the World Vision office for the country where your Worldbuddy lives.
4. **NEVER** write your personal address details on any letters or messages.
