

think spot #4

You and your Worldbuddy may play the same games or the games may be different. Have a look at the pictures in the Playtime photo album at www.worldbuddies/funzone and see if you can spot the similarities and differences.

- 1 In the **My play circle** below, write down the games you play that are different from those your Worldbuddy plays.
 - 2 In the **Sponsored children play circle**, write down the games sponsored children play that are different from those you play.
- And now, for the best part!
- 3 In the **Our play circle**, write down the games both you and your sponsored child know and play.

My play...

Our play...

Sponsored children play...
